Verification Opinion

Verified with comments	
Based on the process and procedures conducted, the GHG statement contained in the GHG Report FY 2024-2025 was produced by Bargain Technologies Pvt. Ltd.	• Is materially correct and is a fair representation of GHG data and information. • Has been prepared in accordance with the GHG Protocol (Corporate accounting and reporting standard & Corporate value chain scope 3 standard) and the principles.
The following improvements were raised in relation to future reporting.	List of improvements • The Organization could make efforts to include GHG emission sources in the GHG inventory list for future reporting for what had been excluded already by this reporting year.
